Q34 Now I am going to tell you more about President Obama's proposed jobs bill and please tell me whether you would favor or oppose it.

The jobs bill would cut the payroll tax rate, fund new road construction, continue to extend unemployment benefits, and give tax credits to companies who hire and train long-term unemployed workers. The plan would be paid for by increasing taxes on the wealthy and increasing taxes on businesses by closing some corporate tax loopholes.

Do you favor or oppose this plan?
